Abstract

This document is available from the Rootes Archive Centre Web site at <http://tardis.dl.ac.uk/ARCC/Tubes/tubes/index.html>. A PDF format copy of this document can be obtained from <http://tardis.dl.ac.uk/ARCC/tubes.pdf>. You probably won't want to print it as there are over 50 pages, but it is searchable with a suitable PDF reader.

© **Rootes Archive Centre 2012-3**. The Rootes Archive Centre does not accept any responsibility for loss or damage arising either directly or indirectly from the use of information contained in any of their reports or in any communication about their tests or investigations. Whilst we have tried to be as accurate as possible, some errors may have occurred in the cataloguing process or interpretation.

1 Introduction

We are now cataloguing the larger drawings which are stored in tubes in a special area of the Archive. These are a mix of many models of vehicle. The Imp related drawings are being moved to a new Section 56 for convenience.

Tubes Indexed by Section in Storage Area

2 Tube Section 1

Some highlights of this set include:

Hunder Super: homologation drawing

Hunder DL: homologation drawing

Hunder GL Estate: homologation drawing

Rapier Fastback: complete body assy

4 Tube Section 7

Snipe, Avenger, Rapier etc. Project 310.

Some highlights of this set include:

Block: project 310 V6

Block: 1724cc 5-bearing

Head: 6-cylinder

12 Tube Section 56

These are Imp related drawings which have been moved to a new section for convenience.

Some highlights of this set include:

Imp: complete door assy

Imp: backlight assy

Imp Saloon: complete body assy

Imp: body assy less doors

Imp: body assy complete

Imp: rear seat belt anchorage

Imp Premium: Avenger style front seats

Imp L6: Unitac fuel pump and single Stromberg

15 Tube Section 59

Specials and prototypes.

Some highlights of this set include:

GT4: Imp engined car

F4: chassis and body

Sunbeam GT: V8

Swallow: prototype power unit

V8: 1600cc engine based on 800cc Apex

Twin cam: pilot 4 cylinder
